COMMERCIAL CLARITY DOCUMENT

RATE & VALUE COMPARISON

Prepared For: Prospective Real Estate Partner
Reference Quotation: NBG-QUO-2026-1042

The Reality of "Per Second" vs. "Per Minute" Pricing

Vendors often present pricing in **paise per second** (e.g. ₹0.12/sec) because it appears visually small.
When converted to standard industry calling minutes (× 60 seconds), **₹0.12/sec equals ₹7.20/minute** — making Nobogent **41.7% more affordable** while including telecom & infrastructure setup.
